

Botanical Bookshelf
A 2021 CGNFA Mystery SAL
Based on Designs by The Steady Thread

Part 2
Outlines – Vases, picture frames and books

Start first by stitching the outlines for the vases then move to the picture frames. Finish by adding the book outlines.

You can use the sample pattern as provided or you can chart your own design using the different vase outlines in the Steady Thread weekly patterns for 2020 and 2021. Use graph paper or excel to assist in placement.

Mod alert!!

Clare has released a very cool pattern on her website called “Tiny Frames Sampler” (link below) It would be really neat to change out the square frames for one or more of her frame designs! It’s a digital download...

NOTE: The inside square of the picture frames are 20 x 20 stitches (over 2 threads) – outside is 22 x 22 stitches.

Accessing the Steady Thread Patterns

All of the patterns from both the 2020 and 2021 SAL’s have been conveniently saved into a google folder. Please click the link below to access the files.
